St. Augustine, FL 32085-0717

Dear Ms. Cox:

On behalf of President and Mrs. George H.W. Bush, and everyone at the Bush Presidential Library Foundation, it is my pleasure to extend our heartfelt thanks to the Florida National Guard Foundation for helping the Deep from the Heart: One America Appeal concert, which was an overwhelming success.

It was truly an honor to work alongside so many outstanding individuals to host all five living former U.S. Presidents for this historic event. Countless individuals joined together for a great cause and worked tirelessly in the planning and execution of this momentous occasion, which was made possible through your support.

The concert raised over \$2.5 million toward the One America Appeal campaign's growing total of more than \$35 million to help hurricane victims rebuild their lives and Florida National Guard Foundation was a part of this great effort. This unforgettable night would not have been such a success without your support. From the bottom of our hearts, thank you for joining us in this historic effort.

Gratefully,

David B. Jones
Chief Executive Officer
